MODEL INFORMATION

Aqua Best 1000 GPD Water Purifier

A heavy-duty RO system for places that need a lot of clean water all day long. Built for restaurants, coffee shops, commercial kitchens, offices and small industries.

QUOTATION ONLY

Supply, installation and service requirements are reviewed for your location and equipment.

Equipment illustration. Final model and configuration are confirmed in the quotation.

Sized for real demand

Filtration capacity	1000 GPD
Filtration stages	5-stage RO system
Membrane type	High-performance RO membrane
Prefilters	20" sediment, carbon block
Pump	Heavy-duty booster pump
TDS reduction	Helps reduce TDS, heavy metals and chemicals
Storage tank	100 gallon, food-grade, pressurized (optional)
Operating pressure	30-100 PSI
Inlet water source	Tap, well or municipal water
Installation	Floor-standing or wall-mounted

System components / treatment stages

Stage / component	Purpose
Sediment Filter, 20"	Catches sand, rust, dust and other particles so they do not clog or damage the parts that follow.
Carbon Block Filter, 20"	Helps reduce chlorine, smells and organic chemicals, and protects the membrane.

Stage / component	Purpose
High-Performance RO Membrane	The main purification stage. It is built to help reduce dissolved salts, heavy metals, chemicals and other contaminants.
Heavy-Duty Booster Pump	Gives the membrane the pressure it needs, so you get a good, steady flow even at high demand.

Where it is used

Homes / Restaurants / Coffee shops / Offices / Commercial kitchens / Small industries

Plenty of purified water, all day

The 1000 GPD is our high-flow RO purifier for businesses that cannot afford to run short of clean water. It makes up to 1,000 gallons a day, which is roughly 3,800 litres, so a busy kitchen, a coffee shop or a small plant can keep going without waiting on the system.

It works with tap, well or municipal water, and a heavy-duty booster pump keeps the flow steady. If you are on well water, get it tested first so we can check whether extra pre-treatment is needed. Final water quality depends on your incoming water, the condition of the membrane and regular servicing.

What is inside the system

Prefilters clean the water first and protect the membrane. The membrane does the main purification, and the pump keeps everything moving at the right pressure.

Installation and handover checklist

• Provide a current source-water analysis, intended use and required output with daily operating hours.

• Confirm the plant location, utilities, storage, connections and any concentrate or drainage arrangements.

• Ask for the proposed equipment duty, commissioning scope, handover records and maintenance responsibilities.

Common product questions

Can I get a quote?

Yes. Tell us your business type and how much water you use, and we will send you a quote.

Where can it be installed?

It can stand on the floor or be mounted on a wall. Tell us about your space and we will suggest the best place.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

Equipment-specific maintenance

For softeners, media filters, UV units, chillers, commercial RO plants, and industrial systems, the visit frequency and included replacements must be listed separately in the site-specific quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
