Stage 1	PP sediment, 5 micron
Stage 2	CTO carbon filter
Stage 3	PP sediment, 1 micron
Cartridge size	20" x 4.5"
Inlet / outlet	1" or 1.5"
Port size	3/4"
Max working pressure	125 PSI
Burst pressure	250 PSI
Accessories	Bracket and wrench

System components / treatment stages

Stage / component	Purpose
PP Sediment Filter, 5 Micron	20" x 4.5" cartridge. Efficiently captures coarse particles and sediments at the start of the line.
CTO Filter	20" x 4.5" cartridge. Helps reduce chlorine, odour and taste issues for improved water quality.

Stage / component	Purpose
PP Sediment Filter, 1 Micron	20" x 4.5" cartridge. Removes fine particulates for enhanced purity.

Clean, safe water from every tap

The Aqua Best 3 Stage Filtration System is a whole house water filter designed to help every drop of water in your home be clean, safe and refreshing. Advanced multi-stage filtration and robust construction are built to deliver consistently good water quality from every tap.

It filters water as it enters the property, so showers, kitchens, laundry and appliances all receive filtered water. This system is a filtration unit, not an RO purifier, so it is not designed to remove dissolved salts. Final water quality depends on the incoming water and regular cartridge changes.

The 3-stage filtration process

Water passes from coarse to fine, so each cartridge protects the next.

Installation and handover checklist

• Share your location, water use, incoming-water information and the required flow or daily output.

• Send installation-space photos and confirm the proposed model's water, power and drainage requirements.

• Ask the quotation to list the purifier, any tank and accessories, fitting work, consumables and handover instructions.

Common product questions

Can I request a quotation?

Yes. Tell us your property type, pipe size and water requirements, and we will send a quotation.

Do you install in Dubai?

Yes. We provide installation and maintenance for water filtration systems in Dubai and across the UAE.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

Equipment-specific maintenance

For softeners, media filters, UV units, chillers, commercial RO plants, and industrial systems, the visit frequency and included replacements must be listed separately in the site-specific quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
