System components / treatment stages

Stage / component	Purpose
PP Sediment Filter, 5 Micron	Captures dust, rust, sand and other fine particles before water reaches the later stages.
GAC Filter	Granular activated carbon helps reduce chlorine, chemicals and organic contaminants.
CTO Carbon Block Filter	Improves taste, removes bad odours and helps protect the RO membrane.
RO Membrane, 100 GPD	High-efficiency purification stage designed to reduce dissolved salts and impurities.

Stage / component	Purpose
Post Carbon Taste & Odour Filter	Keeps treated water tasting clean and fresh, consistently, before it reaches your tap.
Mineral Filter	Restores essential minerals for balanced, healthy-tasting water.

Right system for your water

We supply purification solutions for homes, businesses and industry across Dubai and the UAE. We recommend a system around your actual water needs, not just the one with the most stages.

Follow the manufacturer's instructions for the exact purifier, cartridges and membrane, taking water conditions and usage into account. Keep a service record and confirm compatible replacement parts.

6 stage RO for drinking and cooking water

The listed 6 stage home RO purifier combines sediment and carbon filtration with an RO membrane and a mineral stage. Compare the actual components, incoming-water requirements and maintenance instructions rather than choosing by the stage count alone.

For a kitchen or under-sink installation, allow room for tubing, the storage tank and cartridge changes. The installation guide and quotation guide explain what to send before equipment and fitting work are priced.

Installation and handover checklist

• Share your location, water use, incoming-water information and the required flow or daily output.

• Send installation-space photos and confirm the proposed model's water, power and drainage requirements.

• Ask the quotation to list the purifier, any tank and accessories, fitting work, consumables and handover instructions.

Common product questions

Can I request a quotation?

Yes. Tell us your property type and water requirements, and we will help you choose a suitable option and send a quotation.

What should a 6 stage RO quotation include?

Ask for the exact purifier configuration, storage tank, fittings, installation scope and replacement-filter information. Pricing is quotation only; compare the same scope between proposals.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

6-stage RO AMC

Four scheduled visits over 12 months. PP sediment, GAC and CTO cartridges are replaced at each visit, where fitted.

Other cartridges, membranes, pumps, UV components, and parts are excluded unless listed in the quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
