MODEL INFORMATION

Aqua Best 7 Stages Water Purifier

Premium-quality drinking water for homes, villas and offices in the UAE, with seven purification stages and mineral balance.

QUOTATION ONLY

Supply, installation and service requirements are reviewed for your location and equipment.

Equipment illustration. Final model and configuration are confirmed in the quotation.

Seven stages for water you can trust

Purification stages	7
RO membrane	100 GPD
UV sterilization	Included
Mineral stage	Included
Storage tank	5 gallon
Manufacturing	Taiwan

System components / treatment stages

Stage / component	Purpose
PP Sediment Filter, 5 Micron	Captures fine particles such as dust, sand and rust.
GAC Filter	Helps remove chlorine and harmful organic chemicals.
CTO Carbon Block Filter	Improves taste and helps eliminate odours.
RO Membrane, 100 GPD	The main purification stage. Efficiently reduces dissolved salts and impurities.
Ultraviolet (UV) Sterilization	Helps inactivate bacteria, viruses and other microorganisms for safer water.
Post Carbon Taste & Odour Filter	A final polish for refreshing, clean-tasting drinking water.

Stage / component	Purpose
Mineral Filter	Restores essential minerals and helps balance the water's pH.

What each stage does

From the first filter to the final glass, every stage has its own job.

Made to last, made to fit

Holds purified water so you always have a steady supply ready.

Installation and handover checklist

• Share your location, water use, incoming-water information and the required flow or daily output.

• Send installation-space photos and confirm the proposed model's water, power and drainage requirements.

• Ask the quotation to list the purifier, any tank and accessories, fitting work, consumables and handover instructions.

Common product questions

Do you install and service it?

Yes. Share the model and location for an installation or servicing quotation. Use the manufacturer's maintenance instructions for the installed configuration, adjusted for incoming-water conditions and usage.

What should I check before buying a 7 stage RO with UV?

Ask for the exact UV unit, rated operating conditions, lamp-replacement requirements and installation instructions. A UV stage needs the specified conditions and maintenance; the stage count does not prove treatment performance.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

7-stage RO with UV AMC

Four scheduled visits over 12 months. PP sediment, GAC and CTO cartridges are replaced at each visit, where fitted. One UV lamp replacement is included once during the contract.

Other cartridges, membranes, pumps, UV components, and parts are excluded unless listed in the quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
