MODEL INFORMATION

Aqua Best 8 Stage Water Purifier

Eight-stage drinking-water filtration with RO, UV and alkaline or mineral cartridges. Confirm the configuration in your quotation.

QUOTATION ONLY

Supply, installation and service requirements are reviewed for your location and equipment.

Equipment illustration. Final model and configuration are confirmed in the quotation.

Ample supply for everyday use

Filtration stages	8
Sediment filter	PP, 5 micron
Alkaline stage	Alkaline filter
Carbon filters	GAC, CTO, taste and odour
RO membrane	100 GPD
Sterilization	Ultraviolet (UV)
Mineral stage	Mineral filter
Storage tank	5 gallon
Brand	Confirm manufacturer and origin in quotation

System components / treatment stages

Stage / component	Purpose
PP Sediment Filter, 5 Micron	Captures coarse particles such as dust, sand and rust for the initial water filtration.
Alkaline Filter	An alkaline cartridge stage. Confirm its documented purpose, operating limits and replacement requirements for the quoted model.
GAC Filter	Helps reduce chlorine and harmful chemicals for better tasting water.

Stage / component	Purpose
CTO Filter	Improves taste and helps remove odours for a more pleasant drinking experience.
RO Membrane, 100 GPD	High-efficiency purification stage designed to reduce dissolved impurities, including heavy metals and other contaminants.
Ultraviolet (UV)	Advanced UV technology is designed to inactivate bacteria, viruses and other pathogens for biologically safer water.
Taste & Odour Filter	Polishes the water to remove residual tastes and odours, for consistently refreshing water.
Mineral Filter	Restores essential minerals for balanced water quality and better flavour.

Right system for your water

We supply purification solutions for homes, businesses and industry across Dubai and the UAE. We recommend a system around your actual water needs, not just the one with the most stages.

Use the manufacturer's maintenance instructions for the exact equipment, adjusted for water conditions and usage. Keep cartridge, membrane and lamp records so servicing covers the installed configuration.

8 stage alkaline RO for your kitchen

The listed 8 stage alkaline RO purifier is a drinking-water system with sediment and carbon stages, RO, UV and mineral or alkaline cartridges. It is intended for a selected drinking-water outlet, rather than treatment of every tap in a property.

An alkaline cartridge and an electrical ionizer are different products. If you need an electrolytic appliance with selectable settings, use the electrical alkaline ionizer guide. For this RO purifier, confirm the quoted stages, incoming-water limits and replacement cartridges.

Installation and handover checklist

• Share your location, water use, incoming-water information and the required flow or daily output.

• Send installation-space photos and confirm the proposed model's water, power and drainage requirements.

• Ask the quotation to list the purifier, any tank and accessories, fitting work, consumables and handover instructions.

Common product questions

Can I request a quotation?

Yes. Tell us your property type and water requirements, and we will help you choose a suitable option and send a quotation.

What affects the price of an 8 stage purifier in the UAE?

The quoted model, tank, installation work and future consumables affect the comparison. Use the purifier price guide and ask for equipment and installation items separately.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

8-stage RO AMC

Four scheduled visits over 12 months. PP sediment, GAC and CTO cartridges are replaced at each visit, where fitted. One alkaline cartridge replacement and one UV lamp replacement are included during the contract.

Other cartridges, membranes, pumps, UV components, and parts are excluded unless listed in the quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
