MODEL INFORMATION

Aqua Best 800 GPD Water Purifier

A high-performance RO system for places that use a lot of clean water every day.

QUOTATION ONLY

Supply, installation and service requirements are reviewed for your location and equipment.

Equipment illustration. Final model and configuration are confirmed in the quotation.

Plenty of clean water, all day long

Capacity	800 gallons per day (GPD)
Filtration	5-stage RO system
Membrane	High-efficiency RO membrane
Prefilters	20 in sediment and carbon block
Pump	Heavy-duty booster pump
TDS reduction	Reduces contaminants, heavy metals and chemicals
Storage tank	100 gallon food-grade pressurised tank (optional)
Operating pressure	30 to 100 PSI
Inlet water	Municipal, well or tap water
Installation	Floor-standing or wall-mounted

System components / treatment stages

Stage / component	Purpose
20" Sediment Filter	The first line of defence. It catches dust, rust and grit so everything after it stays protected.
Carbon Block Filter	It looks after taste and smell, and it protects the RO membrane from chlorine.

Stage / component	Purpose
High-Efficiency RO Membrane	This is where the real cleaning happens. It reduces dissolved salts (TDS), heavy metals and other contaminants.
Heavy-Duty Booster Pump	Keeps water flowing at the right pressure, so the system performs well even when you are using a lot of water.
Optional 100-gallon tank	A big food-grade pressurised tank that stores purified water, so busy hours never catch you short.

What does the work

A 5-stage RO system built from these key parts, working together from the first filter to the final glass.

Installation and handover checklist

• Provide a current source-water analysis, intended use and required output with daily operating hours.

• Confirm the plant location, utilities, storage, connections and any concentrate or drainage arrangements.

• Ask for the proposed equipment duty, commissioning scope, handover records and maintenance responsibilities.

Common product questions

Where can it be installed?

It can be floor-standing or wall-mounted, at an operating pressure of 30 to 100 PSI.

Do you install it?

Yes. We install and look after it across Dubai and the rest of the UAE.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

Equipment-specific maintenance

For softeners, media filters, UV units, chillers, commercial RO plants, and industrial systems, the visit frequency and included replacements must be listed separately in the site-specific quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
