PRODUCT FAMILY GUIDE

Commercial RO Water Systems in Dubai & UAE

Reliable commercial water purification for offices, restaurants, cafés, hotels and businesses of every size.

QUOTATION ONLY

Supply, installation and service requirements are reviewed for your location and equipment.

Equipment illustration. Final model and configuration are confirmed in the quotation.

Available model options

Model	Application / overview
200 GPD Water Purifier	A compact water purification system for smaller offices, cafés and shops that need a reliable daily supply of purified water.
400 GPD Water Purifier	Designed for businesses with greater daily water requirements, including offices, restaurants, cafés and clinics.
800 GPD Water Purifier	A practical option for restaurants, hospitality businesses and offices that need a higher volume of treated water.
1000 GPD Water Purifier	Suitable for commercial locations that require a larger daily supply of purified water for their operations.
1500 GPD Water Purifier	A higher-capacity system for larger operations, selected according to water quality, required output and installation conditions.
2000 GPD Water Purifier	Designed for larger restaurants, hotels and commercial buildings with substantial daily water requirements.
2500 GPD Water Purifier	Offers greater production capacity for businesses with high daily demand. System selection depends on feed water quality and intended use.
3000 GPD Water Purifier	A high-capacity purification option for hospitality businesses, food-service operations and larger commercial facilities.

Model	Application / overview
4000 GPD Water Purifier	Designed for large commercial applications with significant daily water requirements. Configuration depends on site conditions and incoming water quality.

Installation and maintenance support

Ask the quotation to identify equipment supply, storage, connections, installation and commissioning work. Keep a model and equipment schedule for ongoing care. A water treatment maintenance contract should list the covered systems, visits, consumables and any exclusions.

How to choose the right purifier

Describe daily use, peak draw-off and the actual production window before choosing a GPD capacity. Storage and distribution must suit the busiest periods as well as average demand. Identify the required water quality, operating hours and incoming supply so the proposed RO configuration can be reviewed.

Different applications need different enquiry details. Use the office drinking-water guide, restaurant and cafe filtration guide or hotel treatment guide to prepare the requirements for your operation.

Installation and handover checklist

• Share your location, water use, incoming-water information and the required flow or daily output.

• Send installation-space photos and confirm the proposed model's water, power and drainage requirements.

• Ask the quotation to list the purifier, any tank and accessories, fitting work, consumables and handover instructions.

Common product questions

Can I request a quotation?

Yes. Pricing is quotation only. Send the application, daily and peak use, operating hours, incoming-water information and available installation space. The proposal should define the treatment duty, selected equipment, installation scope and optional work.

Do you install systems in Dubai?

Yes. We provide installation and maintenance for commercial water treatment systems in Dubai and other UAE locations.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

Equipment-specific maintenance

For softeners, media filters, UV units, chillers, commercial RO plants, and industrial systems, the visit frequency and included replacements must be listed separately in the site-specific quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
