PRODUCT FAMILY GUIDE

Containerized RO System in Dubai, UAE

A complete reverse osmosis plant built into a container, ready to move and set up wherever you need clean water.

QUOTATION ONLY

Supply, installation and service requirements are reviewed for your location and equipment.

Equipment illustration. Final model and configuration are confirmed in the quotation.

Why people choose containerized RO

The whole plant sits inside a shipping container or similar enclosure. That means it can be loaded, transported and set up almost anywhere you need it.

These systems are made to work in tough conditions. Automated controls mean very little hands-on attention, which helps when you have few people on site.

Plan transport and site connections

Containerized and mobile are not interchangeable specifications. A plant intended for relocation needs a documented transport and handling arrangement, protection of components and a plan for reconnection and recommissioning at the next site.

Aqua Best supplies, installs and services mobile RO plants as well as containerized systems. Use the mobile and portable RO guide to describe relocation frequency, site connections and the proposed transport arrangement. The quotation identifies the actual equipment and work.

Installation and handover checklist

• Provide a current source-water analysis, intended use and required output with daily operating hours.

• Confirm the plant location, utilities, storage, connections and any concentrate or drainage arrangements.

• Ask for the proposed equipment duty, commissioning scope, handover records and maintenance responsibilities.

Common product questions

How much does it cost?

The price depends on system capacity, water quality, installation complexity and maintenance needs. Message us on WhatsApp for a quote based on your site.

Can you quote a mobile or portable RO plant?

Yes. Aqua Best supplies, installs and services mobile and portable RO plants. Send the water analysis, required output, operating sites and relocation needs using the mobile RO planning guide. The model, transport configuration and installation or maintenance scope are confirmed in the quotation.

Quotation, installation & after-sales support

Pricing	Quotation only. The written proposal identifies the equipment and included work.
AMC / servicing	Ask for an equipment-specific maintenance scope, consumables, exclusions and visit arrangements.
Warranty	Request the written warranty for the selected model, with coverage, exclusions and claim procedure.

Before requesting a quotation

Send your UAE location, intended use, water information, required flow or daily output, and photos of the installation space. For replacement parts, include the existing model and component labels.

Published ratings describe the listed equipment or configuration. Actual performance depends on feed water and operating conditions. Confirm the exact model, current specifications and manufacturer documentation in the quotation.

ANNUAL MAINTENANCE CONTRACT

AMC coverage and terms

AQUA BEST WATER TREATMENT EQUIPMENT TRADING LLC

The AMC applies only to the water treatment system and service location identified in the customer's quotation or contract. It is valid for 12 months from the agreed start date. The number and timing of service visits, included consumables, and contract price are as stated in the quotation.

Equipment-specific maintenance

For softeners, media filters, UV units, chillers, commercial RO plants, and industrial systems, the visit frequency and included replacements must be listed separately in the site-specific quotation.

Scheduled service

During a scheduled visit, Aqua Best will inspect the covered system, check for visible leaks and operating issues, and replace only the consumables specified in the contract. Service scope depends on the system model, installed configuration, and access to the equipment.

Terms and conditions

1. The AMC covers only the visits, consumables, and work expressly stated in the quotation or signed contract.

2. Additional cartridges, media, resin, membranes, UV lamps, electrical parts, pumps, repairs, and modifications are charged separately unless specifically included.

3. Aqua Best will explain any additional recommended work and obtain the customer's approval before carrying out chargeable work.

4. The customer must provide safe access to the equipment and ensure that the required water and electrical supplies are available during the visit.

5. Service visits are arranged by appointment. If access is unavailable at the agreed time, the visit must be rescheduled subject to appointment availability.

6. The AMC does not cover damage caused by misuse, unauthorised repair, abnormal water conditions, power fluctuations, external leaks, or other causes outside the listed service scope.

7. The AMC price, payment schedule, and VAT treatment are as stated in the quotation.

8. The AMC applies to the equipment and service address recorded in the contract. Changes to the equipment or location may require a revised quotation.

9. Any warranty on replaced parts is subject to the applicable manufacturer or supplier warranty.

10. Renewal, cancellation, emergency callouts, and response times are governed by the terms stated in the quotation or signed contract.

Pricing is quotation only. Product warranty terms are confirmed separately.
